3. In the letter read above, the Director of Employment and Training has stated that the Career Guidance activities have evolved from career guidance activities on a lower scale in the employment offices being expanded to a larger scale by conducting various activities like Career Exhibitions and Seminars and conducting coaching classes for competitive examinations. The conduct of coaching classes was structured through the Study Circles established in all the District Employment and Career Guidance Centres from 1999. These coaching classes have been a boon to the job aspirants especially from the remote rural belts of Tamil Nadu. Quality study materials, experienced faculty and dedicated Officers ensured that this coaching programme resulted in success stories in all Districts in examinations like TNPSC, TNUSRB, SSC, IBPS, RRB etc., This scheme was thereafter extended to the Arts and Science Colleges affiliated to 10 Universities in Tamil Nadu extending the reach of the coaching classes further. In keeping with the current trends, the Department has opened up further vistas in the area of Career Guidance by launching the virtual learning classes through 'tamilnaducareerservices.tn.gov.in'. This portal provides free e-content for all the above competitive examinations. To upscale this programme further, it is proposed that in conjunction with Tamil Nadu School Education Department and Information Technology Department organize for broadcasting coaching classes for competitive examinations on a regular basis through the exclusive channel of Education TV (Kalvi Television Channel). This would enable more number of aspirants to appear for competitive examinations conducted for various State Government, Union Government and Bank jobs.

4. The Director of Employment and Training has also stated that the Recording Studio at Education TV (Kalvi Television Channel) is utilized on "No Cost Basis" for recording the Coaching Programmes for all Competitive Examinations. The faculty for these coaching classes will be arranged by Directorate of Employment and Training. School Education Department and Information Technology Department have offered to record, edit and telecast the programmes free of cost. The Virtual Learning Portal facilitates e-learning for Competitive Examinations, requiring laptops or smart phones to access the Portal. However, there are still many students who do not possess the above gadgets and also cannot afford it due to financial constraints. This move would enable those aspirants who are under privileged and students from the remotest corner of Tamil Nadu to access these free coaching classes from the comfort of their homes in their own televisions, at their convenience, as these telecasts would be repeated during the course of the day. Learning through these telecasts would also ensure savings on laptops, smart phones, 'wifi' cost, travel costs etc., for the students. Apart from Coaching Classes for Competitive Examinations, the scope of the telecasts will be expanded to include Career Guidance Programmes, Awareness about various Job Opportunities in India and Abroad, methodology and counselling to crack qualifying examinations like TOEFL, IELTS, GRE and similar career orientation beneficial to job seekers and aspirants.
