(i) The Inspection Committee is necessarily required to enquire and inspect into the complaints relating to collection of Capitation fee and charging of Tuition fee higher than the fee prescribed by the Committee on Fixation of Fee in respect of Self Financing Professional Colleges and the Inspection Committee is being reconstituted every year by the Government Orders.

(ii) The Committee re-constituted in the Government Order first read above, was for only two years, ie. academic year 2018-19 and 2019-20. The period of two years has been completed for the above Committee Members.

(iii) The 38 Districts of Tamil Nadu are divided into 10 Zones and the Unit Officers of the Directorate of Technical Education, the Senior Professors of Government Engineering Colleges who are well versed in Engineering Admissions and Regional Joint Director have been appointed as Nodal Officers, the Principals of Government Engineering Colleges have been appointed as Zonal Coordinators and one member not below the rank of Associate Professor of Anna University Constituent Colleges have been appointed as Zonal Co-ordinator from the respective Districts to inspect and enquire into the complaints relating to collection of capitation fee and charging of tuition fee higher than the fee prescribed by the Committee on Fixation of Fee in respect of self Financing Professional Colleges.

(iv) Since all the Colleges are surrounded by the Zonal Office, it may be convenient for the team members to inspect the Colleges as and when it is required and they may complete the enquiry on the same day and return back to their headquarters and submit the report to the Director of Technical Education either by mail or by post.

(v) The expenditure towards each visit can be reduced, since the jurisdiction is restricted to one or two Zones. Also, the expenditure towards hiring of the vehicle for inspection of the Colleges may be met out by the Zonal Officers. Also, these 10 teams can simultaneously inspect the Colleges without any delay and by this procedure the time taken for inspection and workload may be drastically come down.
